I've done more than 10 series and specials on networks like TLC, LIFETIME, STYLE & HGTV... and have appeared on The TODAY Show, CNN, TYRA, and countless other morning shows.

All of this has been with the idea of helping people redefine their lives through design... without spending a fortune — it is one of my favorite things to do! There is power in the way you live.

It's about having affordable, fun, and easy to do things... good stuff that you not only want, but also can actually afford.

GARDNER WHITE exclusive

The Start of Something
big SALE

Hi, Angelo here, inviting you to come see our new angelo:HOME displays in every Gardner-White store. You'll see lots of great ways to spice up any room – at very affordable prices.

The idea behind our line is simple: We believe that great style should be available to everyone. We want to take the anxiety out of pulling your home together. Because design should be fun.

We're not fans of fussy, pretentious styles. We're not here to sell you what's "in" or lecture you about

trends. We're geekish about design, for sure. We love new concepts and fresh ideas. But design shouldn't be about hard and fast do's and don'ts.

With our angelo:HOME collection you'll find pieces that not only work well together but with the furniture you already have.

So stop in your neighborhood Gardner-White soon and see our display. Get ready to change your space and change your life.

– angelo surmelis: furniture design geek
